

Emmanouil Stamatakis

24 years old programmer entrepreneur athlete.

D.O.B: 05/02/1997 | Spercheiou 78, Athens, Greece | PC: 12137

Email: EmmanouelStamatakes@gmail.com | +30 6976667762

Skype: live:themagicSPORT

I'm studying Informatics at University of Piraeus, Greece. I chose the Software Engineering and Intelligent Systems direction to continue my studies. I would like to create projects that could be useful to the public and save as much time as possible from them. I am very excited to learn new things about programming and my aim is to create and develop projects that resolve real world problems.

Working Experience	Doing	Working With
September 2017 - February 2018 Remote	Android Development (Groundify)	Android Studio(Java) Visual Studio(Xamarin, C#)
